2. Access Wiley Online Library from your institution's network and log in. If you are offsite and need help getting access to licensed content, contact your librarian.
3. Visit the roaming access section of "My Profile" and click "Activate Roaming Access."

Question 2: How does the application recognize that a particular user currently has access to **our journal**? Is the registration on Wiley Online Library all it takes?

Answer 2: Roaming access is the key — Users can create their Wiley Online Library account anywhere, but **MUST** be inside their institutional network when they activate Roaming Access. That is the part that verifies a user's access rights.
